## RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

### Claims, Fees, Inventors and Continuity

In response to your request for a corrected Filing Receipt, the Office is unable to comply with your request because:

- The total number of claims appearing on the Filing Receipt does not include multiple dependent claims. The total fee appearing on the Filing Receipt includes the cost of multiple dependent claims that were present at the time the application was filed.
- The filing fee is correct. It may include additional claims fees and/or the surcharge under 37 CFR 1.16(e) for filing an oath/declaration or basic filing fee after the application filing date.
- The inventor information may be truncated if the family name consists of more than 50 characters (letters and spaces combined) and if the given name consists of more than 50 characters (letters and spaces combined).
- The inventor's residence allows for up to 40 characters (letters and spaces combined).
- The inventor's residence will only include the city and state for U.S. residences or city and country for residences outside the U.S. (See MPEP 605.02).
- The docket number allows a maximum of 25 characters.

Continuity claimed under 35 USC 120 cannot be added to the Filing Receipt without the applicant supplying the relationship (continuation, divisional, or continuation-in-part) in an amendment or corrected Application Data Sheet.

Foreign priority will appear on the Filing Receipt in the following order:  
**Country, Application number, Filing date.**

The filing date of a parent application cannot be changed by this request. A petition to correct the filing date in the parent application is required.
